Professional Summary

Dedicated and results-driven third-year Computer Science student with hands-on experience in Artificial Intelligence, full-stack web development, and cloud computing. Proficient in Python, Java, and JavaScript with a strong foundation in Data Structures and Algorithms. Experienced in building scalable web applications and AI-driven solutions using modern frameworks and cloud platforms. Passionate about solving real-world problems through innovative, efficient, and impactful technology solutions.

Technical Skills

Programming Languages: Python, C, C++, Java, JavaScript

AI & Machine Learning: TensorFlow, IBM Watsonx, IBM Granite

Web Development: React.js, Next.js, Node.js, Flask, HTML5, CSS3

Databases: MySQL, MongoDB, SQLite

Cloud & Tools: IBM Cloud, Git, GitHub, LaTeX

Core Computer Science: Data Structures & Algorithms, OOP, Operating Systems, Computer Networks, DBMS

Projects

AI-Powered Nutrition Agent — IBM watsonx.ai, Granite LLM, LangGraph

- Developed an intelligent Nutrition Recommendation Agent using IBM watsonx.ai with Granite LLM to generate personalized dietary guidance.
- Implemented a modular agent workflow using LangGraph with structured prompt engineering for context-aware responses.
- Applied Retrieval-Augmented Generation (RAG) principles to enhance response accuracy and user-specific recommendations.

AI-Based Sign Language Translator — MediaPipe, JavaScript, Web AI

- Architected and developed a real-time AI-powered Sign Language Translator leveraging MediaPipe Hands to extract 21 landmark points for accurate gesture recognition and sentence-level interpretation.
- Engineered a custom gesture classification and chaining mechanism enabling dynamic sentence construction, speech synthesis output, and real-time confidence feedback.
- Designed a scalable and secure web application with encrypted local gesture storage and optional cloud synchronization.

Internships

AI & Cloud Intern [🔗](#)

July 2025 – August 2025

Edunet Foundation (IBM SkillsBuild — AICTE Collaboration)

- Completed a 4-week internship focused on Artificial Intelligence and Cloud Computing using the IBM Cloud Platform.
- Gained hands-on experience in AI workflows, cloud deployment strategies, and scalable solution design.
- Developed practical understanding of enterprise-level AI applications and cloud-based infrastructure.

Hackathons & Achievements

Finalist — DevHack 6.0 (IIT Dharwad) [🔗](#)

2025

Selected as a Finalist among multiple competing teams for demonstrating strong innovation, technical excellence, and effective problem-solving capabilities. Contributed to the development of "Smart Shop AI" as part of the Dev Demons team.

BuildIT Hackathon — Dayananda Sagar University [🔗](#)

2025

Participated in a 6-hour rapid development hackathon focused on building innovative solutions under strict time constraints.

Champions — Sagar Cup Cricket Tournament 2K26 — Dayananda Sagar University [🔗](#) 2026
Triumphed as Champions among 42 competing teams in the Sagar Cup Cricket Tournament 2K26, organized by the Department of Sports, Dayananda Sagar University, demonstrating exceptional competitive performance and strategic gameplay.
Represented Team “Dynamo 11”, exhibiting exemplary teamwork, tactical coordination, and resilience throughout the tournament to secure victory in the finals.
Received formal commendation from Dr. Girisha G. S., Head of the Department (CSE), recognizing the team’s outstanding athletic excellence, discipline, and sportsmanship.

Education

B.Tech in Computer Science & Engineering	Oct 2023 – Oct 2027 (Expected)
Dayananda Sagar University, Bengaluru	CGPA: 7.94
Relevant Coursework: Data Structures, Algorithms, Machine Learning, DBMS, Cloud Computing, OOP, Operating Systems, Computer Networks	
Pre-University Course (PUC)	91.17%
Government PU College, Gadag	
Demonstrated strong academic excellence with a focus on analytical and problem-solving skills.	
Secondary School (10th Grade)	89.44%
Loyola High School, Gadag	
Built a solid academic foundation with consistent performance and discipline across core subjects.
